

COMPANY PROFILE

Best Partner with
Solution

MESSAGE FROM TOP MANAGEMENT

With over 40 years' experience and over 20 years after establishment, Thai Mitsui Specialty Chemicals Co., Ltd., a subsidiary of under Mitsui Chemicals Inc., in Japan, has committed to our Vision and Mission to be a leading chemical company in Asia by providing the best solutions with a focus on quality, innovation and environmental care to society.

Currently, we are a part of the Supply Chain of Automobile industry, especially in Polyurethane and Coating sectors. We also aim to be a part in Chemicals for Packaging business. The markets that we focus are not only Thailand but other countries in Asia such as China and India.

With the dynamic change of business environment, we have to not only improve our product quality but also innovate our products and services or so-called 'solutions' to best suit with customers' satisfaction continuously. Besides, we also seek to ensure the safety of our products, our operations, and our people and engage in solving our social and environmental issues. Safety and Environmental care are also a prime priority of us.

MR. SUMON SUWANPATRA
CHAIRMAN

MESSAGE FROM TOP MANAGEMENT

MR. AKINORI ETO
MANAGING DIRECTOR

Our company, Thai Mitsui Specialty Chemicals (TMSC) was established in 1997 as a joint venture between Mitsui Chemicals Inc. of Japan and partners in Thailand. We produce a wide range of resins such as acrylic, amino, polyester, epoxy and urethane resins for many kinds of applications such as paint, ink, adhesive, coating and urethane forming for various fields of industries.

As shown in TMSC's Vision & Mission, we aim "to be a leading chemical company in Asia by providing the best solutions with a focus on quality, innovation and environmental care to society" in the field of Specialty Chemicals.

As represented by Sustainable Development Goals (SDG's), the world is changing to strongly demand the supply of products necessary for sustainable development. TMSC always challenges to meet the needs of customers and society with keeping in mind the customer's perspective by utilizing not only our unique products, accumulated technologies but also those from our group companies as one team.

We sincerely ask for your continued support and guidance in the future so that TMSC and customers can grow together.

CORPORATE OVERVIEW

HISTORY BACKGROUND

1974

Siam Resin&Chemical Co., Ltd. (SRC) was established at Samut Prakarn factory

1996

Mitsui Toatsu Chemicals (Thailand) Co., Ltd. (MTC-T) moved to Wellgrow Industrial Estate.

2003-2004

Siam Resin & Chemical Co., Ltd. (SRC) moved to Wellgrow Industrial Estate.

2018

Thai Mitsui Specialty Chemicals Co., Ltd. (TMSC) has relocated head office to Sathorn Thani Building and change company logo.

1991

Thai Mitsui Toatsu Co., Ltd. was established at Wellgrow Industrial Estate.

1997

Thai Mitsui Specialty Chemicals Co., Ltd. (TMSC), merging from SRC, MCT-T and TMT has been established as a joint venture of Mitsui Chemicals Inc., Japan.

2015

Mitsui Chemicals, Inc. has been collaborated with SKC Co., Ltd. to established Mitsui Chemicals & SKC Polyurethanes Inc. (MCNS).

2022

Thai Mitsui Specialty Chemicals Co., Ltd. has become a subsidiary under Mitsui Chemicals Inc., Japan (MCI).

COMPANY OUTLINE

Company Name Thai Mitsui Specialty Chemicals Co., Ltd.

Founded July 1st, 1997

Head Office 92/28-29, Sathorn Thani Building 2, North Sathorn Road, Silom, Bangkok, 10500 Thailand.

Factory Wellgrow Industrial Estate
89 Moo 5, Bangna-Trad Road, Km. 36, Bangpakong, Chachoengsao, 24180 Thailand.

Representative Chairman : Mr. Sumon Suwanpatra
Managing Director : Mr. Akinori Eto

Paid-in Capital 318,000,000 baht

Number of Employees 274 persons
(as of April 2024)

CORPORATE INDENTITY

VISION & MISSION

To be a leading chemical company in Asia by providing the best solutions with a focus on quality, innovation and environmental care to society.

CORE VALUE

“CHALLENGE”

To set more challenging target and plan to make it happen.

“CUSTOMER FOCUS”

To focus on external and internal customers, understand what they need and provide a service to meet their requirements.

“ONE TEAM”

To find what we dream for in our team and hold the hands to move forward to the destination together.

PRODUCT – INDUSTRIAL RESIN

TMSC produces functional material for various industrial use ranging from coating, paper, adhesive, textile and moulding sector.

PRODUCTS BY APPLICATION

COATING

We provide a wide range of coating materials in both of solvent-based and water-based which can be used for decorative paint, roof tile, metal coating, automotive coating, motorcycle coating and other industrial coating, etc.

PAPER

We provide a wide range of products which can be used for coated duplex board, wet and dry strength resin, Polyolefins for heat-seal, anti-block, slip agent, etc.

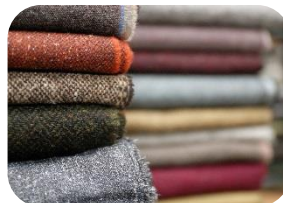

ADHESIVE

Our products can be used for wood working, packaging sector (flexible packaging, paper packaging and overlay), and other application such as PVC tile, sealant and sticker label, etc.

TEXTILE

The products in this group can be used for various textile application such as automotive textile, non-woven, finishing, garment and printing, etc.

MOULDING

We offer the products which are used in fiberglass, fiber tank for general and corrosive type. The products can be applied for casting button and car headlamp.

PRODUCT - POLYURETHANE

TMSC provide a wide range of polyurethane products, which integrates from basic materials, TDI, MDI, PPG to polyurethane derivatives with unique technologies that we have developed as a comprehensive polyurethane manufacturer.

PRODUCTS BY APPLICATION

REFRIGERATOR

We provide products with various insulation properties to fit and match with requirements from the customers which can be used for home & commercial refrigerator, commercial showcase, freezer, etc.

CONSTRUCTION

Our PU system is designed to provide excellent insulation properties for your home and building in order to make you feel more comfortable when you're living in.

AUTOMOBILE

Our products are used for car seat pad, head rest, air filter, roof-head liner, dash silencer, floor mat, etc. Not only the innovative and competitive products, we also provide technical assistant service to help you solving the problems of your product.

C.A.S.E

In this application, we provide a wide range of polyurethane material comprising of Diol, pure MDI, crude MDI to use for **Coating, Adhesive, Sealant** and **Elastomer** application.

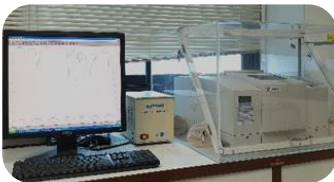

PU ENGINEERING

We offer customized specification of PU flooring material from general to high hardness in order to meet with a requirement from customers.

RESEARCH AND DEVELOPMENT

We have our own well-equipped laboratory together with our specialized chemists to ensure that the products are of the highest standard and most meet our customers' requirement.

Fourier Transform Infrared Spectrophotometer (FTIR)

Gel Permeation Chromatography (GPC)

Hardness

Gas chromatography-mass spectrometry (GC-MS)

Automatic Potentiometric titration

QUV Weathering Tester

Thermal conductivity

Cutter

Robotic Foaming Machine

Universal testing

MANAGEMENT SYSTEM - CERTIFICATES

With the consciousness to produce high quality products with safety and environmental friendliness, we have implemented many management systems to certify our operational standards.

Certificate of Registration

QUALITY MANAGEMENT SYSTEM - ISO 9001:2015

This is to certify that:

The **TMSC Specialty Chemicals Co., Ltd**
92/28-29 Self-Service Building 2,
126 Soi, North Sathorn Road,
Sikay, Bangkok,
10250
Thailand

Hold Certificate Number:

FH 705496

and operates a Quality Management System which complies with the requirements of ISO 9001:2015 for the following scope:

The Manufacture of Water Based Products (Acrylic and PVA Coatings, Urea, Melamine, Polyurethane Dispersion and Polyolefin Dispersion Resin) for Coatings, Adhesives, Papers, Textile and Other Industries.

The Manufacture of Solvent Based Products (Epoxyresin, Urea, Acrylic, Saturated Polyester and Unsaturated Polyester Resin) for Coatings, Printing, and Other Industries.

The Manufacture of Urethane Products (Epoxy Resin, Hybrid Resin, Isocyanate Blend and Isocyanate Pre-Polymer) for Insulation, Construction, Automotive and Other Industries.

For and on behalf of BSI:

Michael Latt - Managing Director Assurance, ANAC

Original Registration Date: 2005-08-31

Effective Date: 2022-08-14

Latest Revision Date: 2022-05-10

Expiry Date: 2024-08-13
